SOCIETY'S FUND

St. Louis: The closing session of Columbia, Mo.: Dr. Charles A. Ellthe Missouri Horticultural Society was | wood, professor of sociology in the a stormy one. The approval of the university of Missouri, has just issued treasurer's report started the row, and a bulletin on the condition of the counit was a warm one, that adjournment ties reporting, Morgan and Ozark, have did not end. A legislative investigation in jails, but send their prisoners to a tion will probably be asked as a re- neighboring county. cult of the disclosures. As the society | The total population of the eighty is a ward of the State, conducted at jails on January 1, 1904, consisted of is expense and its present source of 843 prisoners, six witnesses detained income is the appropriation by the and two insane prisoners. Of these State Legislature and membership 843 prisoners, 486 are awaiting trial

The society has been holding sesions in the Horticultural building, ers in the eighty jails was 58, of whom World's Fair grounds, each forenoon 21 were white and 37 colored. The during last week. During the row number of prisoners under 18 years some pointed questions were asked, of age was 42, of whom 22 were awaitand it was alleged that the books of ing trial and 20 were serving senthe society had been kept in a loose tences, manner. At times five or six memhers were on their feet at once, clam-

oring for recognition. It was disclosed that there was a fund of over \$1,000 belonging to the society which was not in the treasmer's hands and for which neither he nor anyone cise had made a report to the society, although the constitution jail population of the state on an and by-laws of the society require that the treasurer alone handle all fun is. no matter from what source obtained. Inquirtes taited to develop from what source this fund was obtained, nor was MISSOURI DIVISION, S. A. R., the present custodian and disburser

Resolutions were adopted expressing the confidence of the society in the integrity of L. A. Goodman, secretary, and W. C. Gano, treasurer.

A motion prevailed that the president appoint a committee of three to fully investigate concerning the fund in question, ascertain the source from which it was obtained, what additions had been made to it, what disbursements made and by whom, tracing it from its incipiency down to the present date. This committee having the power to take possession of the fund in question, at once turning it over to the treasurer as the proper Greely of New York, president gencustodian.

Another motion prevailed that the system of bookkeeping be changed at once, and the records kept in a business like manner. Saturday's session was the last one officiated as master of ceremonies. city telling of interference by the of the meeting. Among the papers on

> University of Missouri, who recommended more extensive planting of shrubbery native to Missouri. Otto Widman told of the destruction of insect-eating birds and the effect of their destruction upon the fruit culture. In the course of his remarks he said it was estimated that the agricultural and horticultural crops of Missouri were worth \$160,000,000 annually, and that insects destroyed about one-tenth of this sum each year. The

protection of insect-eating birds would save a great proportion of this sum to Missouri farmers Mr. Widman was followed by W. J. Blakely, president Missouri Audubon Society, who told the needs of the legislation for the protection of birds.

The following received special premiums for prize strawberries, the total amount of the prizes being \$150: W. F. Bower, Monett, Mo.; A. T. Nelson, Lebanon: H. W. Jenkins, Boonville; F. S. Katherman, Warrensburg; Charles Steinman, Dalton; Henry Schnell, Glasgow: J. E. Hall, Warrensburg; Henry Crecelius, Mehlville, and A. J. Russell, Butterfield. The largest single prize, amounting to \$12, was given to J. F. Hall of Warrensburg, for the best collection of ten
